GitHub 🔗 Web Folio

Computer Engineer with experience in **FullStack development**, focused on building web applications using technologies like *Angular* and *Spring Boot*. Proficient in relational databases (*PostgreSQL*, *MySQL*). Passionate about continuous improvement, with strong skills in agile methodologies and tools like *Git* and *Figma*. Seeking opportunities to deliver innovative solutions, enhancing user experience and optimizing processes.

💼 Professional Experience

Freelance

2024 – Present

- Designed and implemented web APIs using *Angular/Spring Boot*, integrated with *PostgreSQL* databases.
- Created technical documentation with *Swagger* and collaborated with frontend teams to ensure seamless integration for web/mobile projects.

Cabin Counselor, *YMCA*

2022 – 2024

- Demonstrated fluent English communication, leadership, adaptability, and ability to work under pressure in an international environment.

🌐 Languages

Spanish — Native.

English — B1 (Certified through work experience in the U.S., 2022-2024).

📁 Projects

Nuxten, *Usability Evaluation Web Platform (FrontEnd: Angular | BackEnd: Spring Boot | Database: PostgreSQL, Firebase)*

- Developed a tool to measure software product usability based on Jakob Nielsen's heuristics.
- Implemented a metrics system that reduced analysis time compared to manual methods.
- Collaborated with a team of 2 developers using *Git* for version control.

SickPet, *Veterinary Management Mobile App (Mobile: Ionic/Angular | Backend: Firebase | APIs: Google Maps, Directions)*

- Created a mobile app for managing pet care, featuring clinic geolocation.
- Integrated *Google Maps API* to calculate optimal routes between pet owners and veterinarians, improving emergency response efficiency.

🧠 Skills

Languages — Java, TypeScript, SQL, HTML, CSS

Frameworks — Angular, Spring Boot, Ionic.

Databases — PostgreSQL, MySQL, Firebase

DevTools — Git, GitHub, Figma

🎓 Education

Bachelor's in Informatic Engineer,
Institución Universitaria Colegio Mayor del Cauca
08/2018 – 01/2025 | Colombia

📚 Courses

Web & Backend Development, *Platzi*

2024 – Actualidad

Java, Spring Boot, Angular

Full Stack Developer, *Academia X*

2024 – 2025

JavaScript, Html, Css, Angular, TypeScript, PostgreSQL, Tailwind

Backend Development, *Udemy*

2024 – Actualidad

Java, Spring Boot, Angular
